13 – 24 May 2019
Ramanujan Hall,
ICTS, Bengaluru

The summer school is intended for women students studying in first year B.A./B.Sc./B.E./B.Tech. or equivalent degree and having Mathematics as one of the major subjects/ courses, during the academic year 2018-19. Over a period of two weeks, the school shall aim at helping young students gain broader exposure to problem solving skills in mathematics and statistics at the undergraduate level.

Specific topics that will be covered are Mathematical Thinking, Advanced Calculus, Linear Algebra, Probability and Statistics.

Eligibility

All participants should be enrolled in a first year program (as stated above) B.A./B.Sc./B.E./B.Tech. or equivalent degree and having Mathematics as one of the major subjects/courses, during the academic year 2018-19.

Application

All applicants are requested to fill in the application form. Applicants should also ask an instructor to fill up the recommendation form. To download application and recommendation forms and for more details on the application procedure visit the program webpage.

Support

All selected participants will be provided sleeper class train fare from home station to ICTS and back, local boarding (for non-Bengaluru participants) plus food and can be eligible for performance based stipend for books. For selected participants who will have 3 or more nights of train travel, a partial airfare travel support will be considered.
